MEDIA ALERT: DECEMBER UPDATE - PROGRESS AT THE EXETER AREA YMCA

December 19, 2014 (Exeter, NH) – If you haven't been by 56 Linden Street in Exeter lately, you might be surprised to see major progress being made at the new YMCA facility.

BUILDING

November: Southern District YMCA closed on a construction loan from The Bank of New Hampshire, which allows construction to begin before the cost of the building is fully funded.

November to Early December: Site grading in preparation for the foundation work.

Mid-December: Concrete footings and foundations are underway with anticipated completion just after the first of the year. Structural steel delivery to follow.

January: Steel building arrives, erecting begins, and the building really begins to take shape.

Fall 2015: Facility is projected, by Jewett Construction Co., Inc., to open after a 10-month build out.

FUNDRAISING

Under the leadership of the Capital Campaign Chair, Gary Blake, community volunteers are operating a capital campaign that has now reached 65% of its \$5M goal. Every dollar donated to the Exeter area YMCA is committed 100% to paying for the cost of the building. If you would like to make a donation to support the YMCA in Exeter, please contact Rhonda Bernstein, Director of Development at 603-642-3361 or rhonda@sdymca.org.
